# Gunman Seized After Terrorizing S. D. City

Special to the Minneapolis Star

RAPID CITY, S.D. — A

man in his late 20s terrorized the fashionable west end of this city for nearly 12 hours Sunday night and this morning before being taken into custody by men from three law enforcement agencies.

Arresting officers said he apparently was shooting up homes in the area under the illusion he was an agent of the Central Intelligence Agency in Washington.

They identified him as Wesley Clark, and turned him over to the Pennington County sheriff, who is making arrangements to have him given sanity tests before charges are determined.

The shooting started late Sunday night in a neighborhood where homes range in

price from \$20,000 to \$50,000.

Edward Pullen reported to police that a shot crashed through a window of his home, barely missing his mother-in-law, Mrs. Eva Telcamp of Milwaukee, who was visiting. Early this morning another round was fired into the home, slightly wounding Pullen in the small of the back.

Francis Joyce reported the last of the shootings, when a bullet crashed through his home, missing his 9-year-old daughter, Brenda, who was dusting the living room floor.

Joyce said his home was hit by ten slugs during the fusillade. Several other shots were fired, apparently at random, as the gunman blasted away at anything that moved.

All available enforcement officers were rushed into the area to surround the place and clear the streets of pedestrians and traffic which might draw fire.

They were stymied for several hours until a relative calling from another home said that Clark would give up to an FBI agent.

The cordon of officers held off from using tear gas which had been brought to the scene until Agent George O'Clock was able to call the home and talk to the young man. He agreed to give up, and was led away in handcuffs.

Officers found a high-powered rifle and a 22-calibre gun in the house together with a large quantity of ammunition.
